

# User Guide

## Icons

**Chart** - Click this button to reveal an interactive grid displaying month/year combinations to explore food bank usage over time.

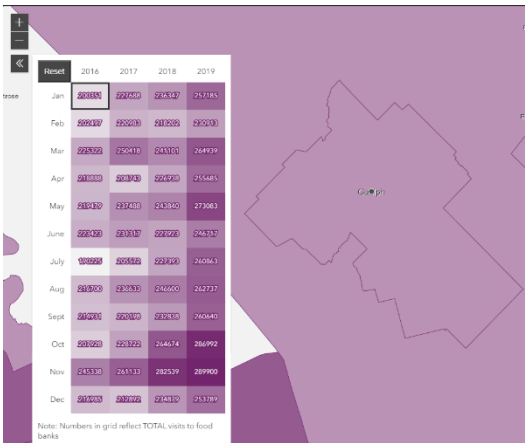

**Zoom In/Out** - allow you to easily zoom to a location of interest. You can also use the scroll wheel on your mouse to pan and zoom around.

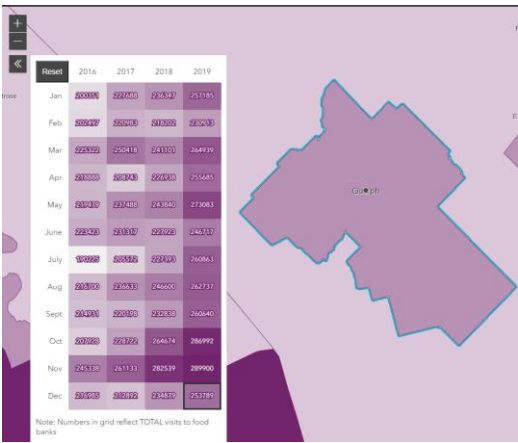

**Search** - any city, address, or location can be searched to automatically zoom into the location displaying the electoral riding.

## Tips and Tricks

- ❖ Once you have clicked the **chart** icon, you can hover the cursor over the grid to quickly see the changes in food bank usage over time (both on the Monthly and Annual tabs).

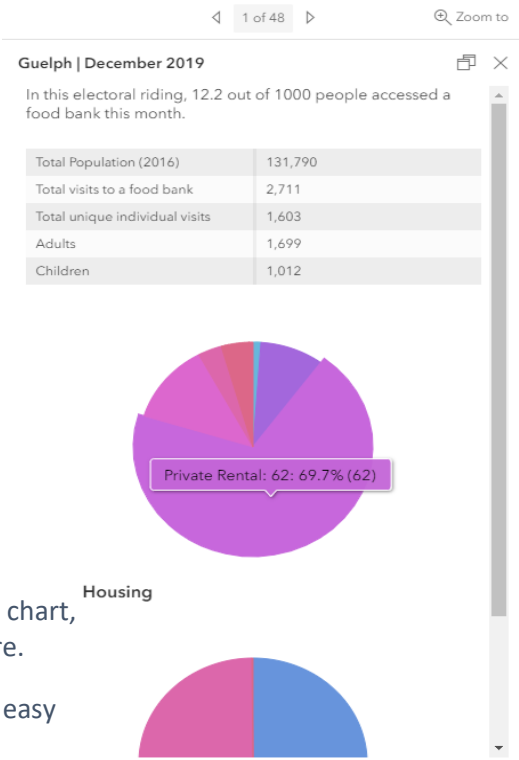

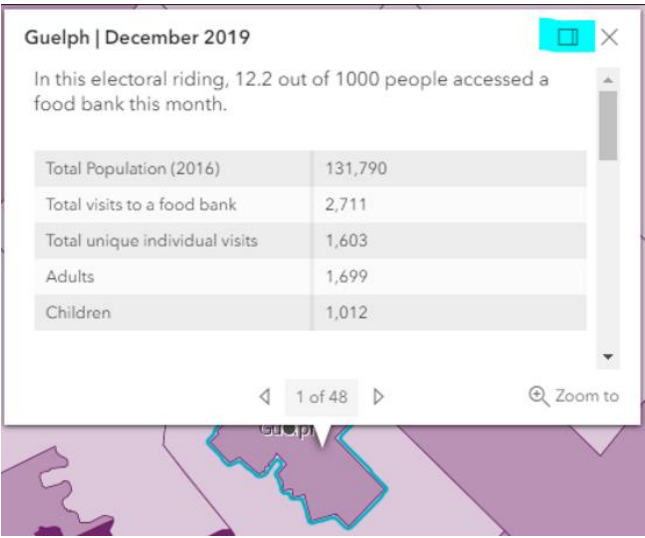

January 2016

December 2019

- ❖ If you would like to have more information about the food bank usage in a particular electoral riding, you can simply click on the riding of interest and a popup will be displayed with socioeconomic information.

Since I had previously selected December 2019 from the chart, the information for that month and year is displayed here.

Click the highlighted icon to dock the popup window for easy viewing.

## To Note:

Due to data entry errors, some food bank usage could not be spatially represented on these maps. For more information and exact numbers that were omitted, see the Monthly and Annual Usage tabs

This mapping application was created by Fleming College GIS Application Specialist students  
Rylie Nellis and Lauren Plesko in collaboration with Feed Ontario
